

NATIONAL **FORKLIFT** **SAFETY DAY** 2021

NFSD 2021

Only accredited
Thorough Examination
passes MHE for
safe operation

Thorough Examination is the mandatory inspection required by law to ensure that MHE and lifting equipment is in safe working order.

- UKMHA recommends all Through Examinations are completed by a CFTS-accredited Competent Person
- Thorough Examination processes are governed by the Health & Safety Executive
- CFTS mark is a guarantee a lift truck has been properly examined
- All MHE must receive a Thorough Examination at least once a year

For compliance information see the updated **BITA GN28**, free to BITA and FLTA members or available from the BITA online shop
